Site Services Manager - Lynbrook

Stoddart Group is Australia's leading supplier and installer of metal building products to the residential market.

Currently we are seeking an experienced trade oriented individual to join our Lynbrook team as an office based Site Services Manager for the Melbourne Metro area. This position will be responsible for the coordination, leadership and day to day management of our Site Supervisors and maintenance team.

The successful applicant for this position must be experienced in all aspects of Roofing, Fascia / Gutter, and be able to provide reasonable evidence of their experience and capabilities.

This role will involve:

- Managing and coordinating the daily activities of our Site Supervisors,
- Managing and coordinating maintenance and finish-offs,
- Identifying and rectifying potential issues from building plans to minimise installation complications,
- Facilitating communication and work-flow to optimise service,
- Enforcing procedures and standardised practices to ensure quality workmanship,
- Providing technical advice and training as required, and
- Attending construction meetings and liaising with customers to rectify site construction issues.

An attractive remuneration package inclusive of a fully maintained company vehicle and mobile phone will be negotiated with the successful applicant.

To apply, please send your resume / details to either email: recruitment@stoddarts.com.au or fax: (07) 3376 4219 with 'Lynbrook' on your application.
